MY20+ Models

Extended range remote start (RES) kits are recommended for use on applicable MY20 and newer Volkswagen models.
For customers requesting base RES retrofit only, the VWGoA Parts helpline can assist if you are having difficulty ordering by VIN# the factory keys shown above.

Notes

- Refer to Service Net >>Technician >>References >>Accessories for the latest instructions.
- Check ETKA for latest Remote Start Capable Factory Key Fob (eg. 3G0959752AQDTB) and Valet key (eg. 3G0937048 AIF) VIN# specific ordering.
- Not available for on-line sale. Recommended labor time includes additional time required for key programming and related activities.
- Not for vehicles with manual transmissions.

Proper installation required. Professional installation may be recommended. See owners' literature and dealer for details.

Always install the product according to the manufacturer's instructions. Modifications to the vehicle or accessory, or improper installation of the accessory can result in damage or failure.

3CN-065-760

Model Year Restrictions

- Jetta, Tiguan built before CW 36/18.
- Atlas built before CW 42/18.

For Model Year 2018 and 2019 vehicles:

- Built before CW36/18 or CW42/18 with KESSY keyless entry system; use standard RES kit and factory remote start key only.
- Built before CW36/18 or CW42/18 without KESSY keyless entry system; there is no RES retrofit solution is available.
- Built on or after CW36/18 or CW42/18 without KESSY keyless entry system; extended range RES kit is also required.

Additional notes: Extended Range RES kit.

Model Year 2019: Only one (1) extended range key fob can be programmed to the system. If additional remote start keys are desired, a factory standard range remote start key and an emergency key are needed. Each sold separately at additional charge.

Model Year 2020: The system can support up to two (2) extended range key fobs and the two (2) original factory keys. Additional extended range key fob sold separately at additional charge.
